

This page is NOT interactive, it is just for explanation!

NAVIGATION CONTROLS

Click on **Today** to return to the current date at any time

Click **Left** or **Right** to move backwards or forwards by a day

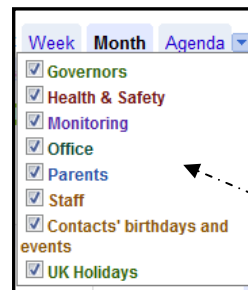

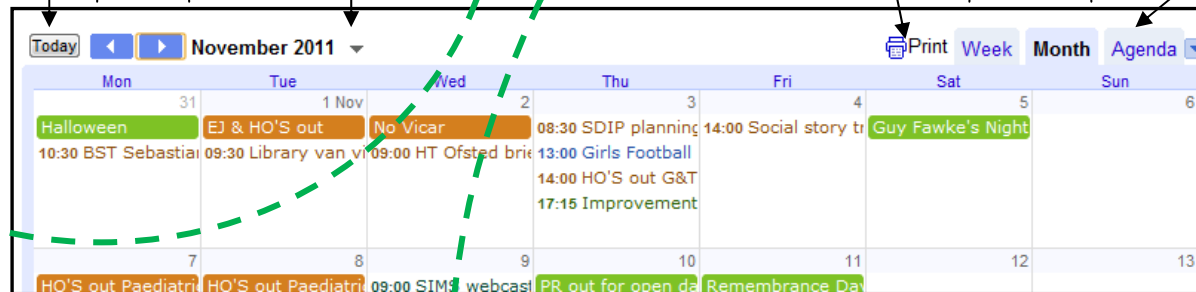

Click on the **'down arrow'** to change month/day

VIEWING CONTROLS

Print . This works on the current layout and gives different results according to the Week, Month, Agenda views selected

Click on **Week** or **Month** to change view

Click on **Agenda** to view in list mode

Click on the **'down arrow'** to turn ON or OFF the sub-calendars.

This is a useful control as you can remove from the whole Calendar those sub-calendars which are not of interest as shown on the left here

The Calendar is only for 'Reading'. You cannot add or change anything and you cannot harm it!

It might be useful to take a printout of this page for reference.
